## MSc in Logistics and Supply Chain Management (Online Top-up) From University of Chichester

The MSc in Logistics and Supply Chain Management (Online Top-up) consists a compulsory single module 'Consultancy Project Report' worth 60 credits. The module provides the opportunity for you to examine an area of particular interest within an appropriate organizational context. The module is designed to make a major contribution to your professional and intellectual development, through enabling you to demonstrate your capacity for sustained independent thought, learning and critical reflection.

The purpose of this programme is to deliver a practical and realistic solution to a business-related strategic challenge, which in turn is supported by appropriate reference to theoretical and conceptual analysis. You will evidence this by producing a 'Consultancy Project Report' of 12,000 words.

The Consultancy Project Report is delivered and assessed by our UK based academic team using our virtual learning platform and direct support from your allocated supervisor. The 'Consultancy Project' module could be completed in one academic term of 15 weeks or may be studied part-time over two terms.
