Are you moving to Barcelona to study at C3S Business School? Here are some exclusive tips for you

You're going to move to a new city, or probably a country. As much as it is cool and exciting, the anxiety of uncertainty still hovers. But if you got a shield called #C3Sian then it will protect you from any uncertainty that arises.

Here's an exhaustive list of exclusive tips for all our C3Sians on board for the coming intake.

1. Set Up the Mobile Phone

If you hail from one of the Asian countries then your handset does not need any unlocking – you can simply buy a new local SIM card from Barcelona and start using it right away.

But, let's say you want to use the same number, then you must enable international roaming with your current sim card operator. You will need to check for specific operator charges and can use the same card without any hassles by enabling international roaming.

You can buy a local SIM card either from the airport shops or from nearby shops to our campus.

Sim Card can be availed FREE of cost if you install the Studentify application from the App store or Play store before landing in Barcelona.

Else, normally shops will charge 5 Euros for the sim card and tariff for calling and internet starting from 7 Euros to 25 Euros per month plan needs to be activated as per the usage of internet and international calling.

SIM card shops near our campus:

Vodafone Store : Centro Comercial El Corte Inglés, Avinguda Diagonal, 617, 08028 Barcelona (1 km far from the campus, 7 to 9 mins walk)

Barcelona Locutorio: Gran Via de les Corts Catalanes, 521, 08015 Barcelona (5 mins walk 400 Meters)

Global Express Money Transfer & Locutorio: esq villarroel, C/ de València, 121, 08011 Barcelona (900 Meters)
