A university-specific degree (titulo propio*) from Universitat de Vic - Universitat Central de Catalunya (Uvic-UCC), Spain

Overview Objectives

This programme focuses on venture creation, innovation leadership, and organisational transformation in dynamic business environments. It equips graduates with the skills to launch, scale, and transform enterprises through innovation-led strategies, sustainable business practices, and entrepreneurial leadership.

Graduates will be able to:

Design and evaluate entrepreneurial ventures and business models

Apply innovation frameworks to organisational transformation

Critically assess growth, scaling, and sustainability strategies

Lead change initiatives in uncertain environments

Conduct applied entrepreneurial and transformation research

Why This Programme Stands Out

Develop entrepreneurial & innovation leadership capabilities

Equip students to manage organisational change & transformation

Foster venture creation and strategic growth thinking

Prepare graduates for startup, scale-up, or transformation leadership roles

Teaching Methodology

Our teaching experience combines engaging classroom lectures with consistent seminars and workshops, enriched by research opportunities and field trips. Students benefit from hands-on experiential learning, in-depth collaborative debates and discussions and real-world exposure through live consulting projects and dedicated consulting labs. The programme also supports startup incubation opportunities, all within a career-focused, industry-driven education framework.
